RETAILERS TO GET PROFIT

Denver Business Men Take Steps to Do Away With Competition From Wholesalers.

DENVER, Sept. 29.—A "food trust" was formed in Denver last night. It is to go into effect Monday, October 2.

A dead line is established by creating a wholesale zone, to include the central part of the city, giving the jobbers the privilege of selling to the large hotels and restaurants within the zone, but outside the limits of the zone the hotels and restaurants shall pay the retail price for all produce, giving the retail merchant his profit.

On Monday, October 2, all employees of wholesale and jobbing houses who deal in food products shall cease to purchase from their employers at wholesale price any article or food for their families but are compelled to go to the retailer and make their purchases giving the retailer his profit.

The organization of the "trust" was completed at a meeting of manufacturers, jobbers, wholesalers, commission merchants, creameries and retailers of food products held in the assembly room of the chamber of commerce. The purpose of the organization is to eliminate competition between wholesalers and retailers and to combat the plans of Mayor Speer in establishing a municipal market.

The wholesale zone established within which the favored few may purchase food products at wholesale is bounded by the Platte river on the north, Thirteenth street on the west, Welton street on the south and Eleventh street on the east.

This territory includes the Brown Palace, Albany and some of the larger hotels and nearly all of the large restaurants.

Militiamen Killed by Bursting Cannon

SPARTA, Wis., Sept. 29.—Three members of the Cleveland, O., state artillery company were instantly killed at the United States maneuver camp here today and two others were probably fatally injured by the bursting of a cannon during the target practice.

The United States artillery companies which have been in camp here since July are giving the state artillery from several states instructions in maneuvers and target firing.

No one can account for the accident.

INDIAN MEN, WOMEN AND CHILDREN INTOXICATED

SEATTLE, Wash., Sept. 29.—A hundred Indians comprising a whole British Columbia village and including men, women and children became intoxicated last night on a steamship pier from liquor sold to them by white men, while they were waiting for a boat to carry them home. Even the smallest children got drunk. The Indians were returning from the Oregon hop fields and were well supplied with money.

Sam Brown, a laborer, was arrested while passing a whisky flask to the Indians.

TWO BILLION TONS OF ROCK FERTILIZER

In administration of the phosphate lands 19,125 acres found out to contain phosphate deposits were restored to entry, leaving a total of 2,399,478 acres of phosphate land standing withdrawn and also awaiting necessary legislation. The tonnage of these important deposits has been conservatively estimated at over 2,000,000,000 tons of high-grade phosphate rock.

Of land available for the development of water power 10,019 acres were withdrawn during the month by the secretary of the interior, making a total of 1,515,423 acres, including thousands of water-power sites, standing withdrawn in aid of proposed legislation which shall allow for their development and yet protect the interests of the public.

PRESIDENT AGAIN DEFENDS POSITION

OTTUMWA, Ia., Sept. 29.—President Taft ended his two days' tour of Iowa here tonight as he had begun it—with a speech on the tariff. To an audience that filled a large tent and gave him the closest attention he has had, the president in a conversational tone and in an informal manner stated anew the position he had taken in regard to the tariff bills he vetoed. Mr. Taft made no bid for applause; no attempt at oratory. He took the audience into his confidence and stated his case with serene simplicity.

The crowd was not demonstrative. It cheered the president when he began and again when he finished. There was occasional applause in between, the most spontaneous and prolonged occurring when Mr. Taft exclaimed: "I am no free trader. I am a protectionist, pledged to the policy of a protective tariff based on the difference in the cost of production in this country and the cost of production abroad."

The president was again applauded when he declared that he was going to recommend reductions in the woolen and cotton schedules just as soon as the tariff board reported on those schedules in December.

Was for Compensation.

The farmers free list bill, Mr. Taft said, was intended as a compensation to the farmer for whatever damage he might suffer from Canadian reciprocity. He asserted that reciprocity would not have hurt the farmer, but its defeat in Canada wiped out the last reason for so stipulating a measure.

Mr. Taft denounced the cotton bill which included revisions of the steel and chemical schedules, as a "piece of hogwash" that no one ever intended should become a law.

The tariff talk was prefaced by a little explanation of the trip he is now taking. Mr. Taft said he did not believe a president of the United States had a right to make partisan speeches or to attack any one. He declared he was taking advantage of an opportunity to get in touch with the people to explain in person some of the acts of his administration to render an account of his stewardship.

"I want you to judge me by what I have done," he concluded, "to take into consideration the circumstances that surround me and the responsibilities that rest upon me and to act as you deem best. I am content to abide by your decision."

Mr. Taft began the day at Des Moines, where he spent the entire forenoon and made an address on peace and the pending arbitration treaties. Senator Cummins was on the reception committee at Des Moines and made his only appearance with the president there.

STRIKE ON HARRIMAN LINES

ously with the operating force. An official of the company declared that recent polls of the shop employees indicated that fully 40 per cent, including the men longest in the service of the company, would refuse to obey the strike order. Many of these have but a short time to work before becoming eligible to old age pensions and they hesitate to risk that benefit by striking now.

Union Leader Makes Statement.

KANSAS CITY, Sept. 29.—J. A. Franklin, international president of the Brotherhood of Railroad Employees, issued this statement:

"We requested recognition for the employees' federation and that a joint agreement be made with all the five crafts. Instead of the separate agreement because we desired that the rules and provisions regarding the men be uniform for all crafts alike. The statement that the grievance of some one craft at a certain point might cause a strike over the entire system described a condition that was extremely improbable under the system we proposed. Our proposed system would bind all the men under a joint agreement and make it impossible for one craft to strike without the consent of the other four crafts."

Mr. Kruttschnitt stated that we demanded that all present or future employees were to join the federated association within 30 days. This simply was a plan which the men stated they desired and was to be a matter which they would discuss and agree upon with the railway companies. All of these requests which Mr. Kruttschnitt refers to as 'demands' were simply presented by the men as questions to be discussed and agreed upon. They did not necessarily mean that the success or failure of the negotiations between the men and their employers depended upon the granting of these requests."

Another demand of the men, according to Mr. Kruttschnitt, was that the company agreed that the final settlement of differences should rest with the federated committee represented by all five crafts. Our contention was that in case one craft had a difference with the company, which it could not settle when the matter should be referred to the federation of the five crafts, who should act as arbiters as to the action to be taken by the complaining craft.

Question of Apprentices.

The question of the number of apprentices was made much of by Mr. Kruttschnitt. The request of the men amounted to the extension of an agreement which has been in effect on all railroads of the United States for 20 years, namely: that there shall be one apprentice to five journeymen.

The matter of increased wages asked for was simply submitted as a matter to be discussed and settled by mutual agreement. The statement that the Southern Pacific railway now pays the highest wages in the United States is incorrect. The Hill roads in the northwest now pay higher wages than the Harriman lines, and so do others.

Regarding shop foremanships to be filled by promotion from among federation employees, the men simply asked that their members be given preference and the choice of promotion efficiency and seniority in seniority, that is, that promotion should come as a result of merit to the road's own employees.

Mr. Kruttschnitt gave as a demand that no form of physical examination or personal records be required. We object to the system of physical examination and personal record because the system fosters injustices and abuses. We claim that the company has ample opportunity to learn the physical condition and personal records of men for itself.

Under the unfair system in vogue now, an applicant for a position fills an application blank giving his personal record for 10 years or longer. If he has had a disagreement with a foreman, no matter whether he was right or not, he is blacklisted and prevented from obtaining work.

teet who is incompetent or who violates rules of the company."

Unions Report Situation.

EL PASO, Tex., Sept. 29.—All the Harriman shopmen here will strike tomorrow morning, according to the heads of the union. About 100 men here will probably be affected.

The local officials of the Harriman system take an optimistic view of the situation.

RENOS, Sept. 29.—Telegraphic orders to stop work in their department Saturday morning at 10 o'clock were received from national headquarters by the five secretaries of the union locals here today and they say the men, numbering approximately 800, will obey the call. Brotherhoods, machinists, sheet metal workers, blacksmiths and carmen are affected in the shops of the Harriman system here.

SAN FRANCISCO, Sept. 29.—The 400 shopmen employed by the Southern Pacific here will walk out at 10 a. m. tomorrow, according to Ernest L. Regulin, president of the local Federated Shop Employees.

Regulin said that 7,000 men will quit work on the coast.

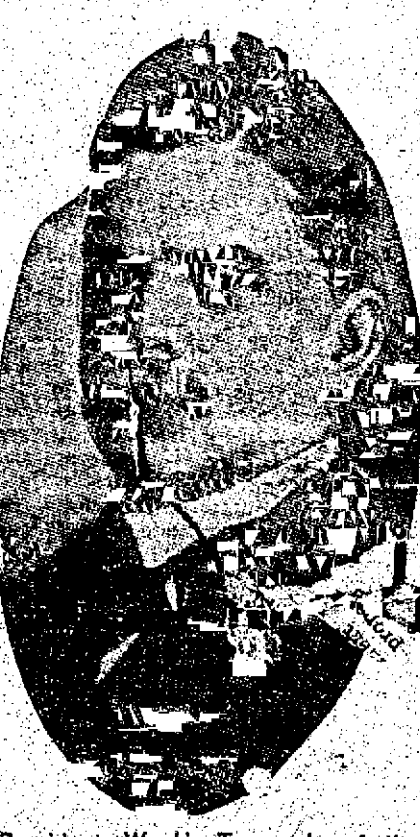

NEW ORLEANS, Sept. 29.—All is ready here for the general walkout tomorrow of the remaining 700 members of the Federation of Illinois Central Railroad Employees.

No freight was accepted today at the Illinois Central or the Yazoo and Mississippi Valley freight offices.

COLUMBIA UNIVERSITY HAS MOST CHINESE STUDENTS

NEW YORK, Sept. 29.—Fifty-five Chinese students are registered at Columbia university this year, the largest number attending any American institution. Most of them have reserved rooms in the university dormitories. About two-thirds of them hold government scholarships, and a majority will pursue courses in the engineering sciences and the mining and civil branches. There is one theological student. Two of the young men were born in San Francisco and under the provisions of the 14th amendment to the Constitution are eligible for the presidency of the United States.

The absence of any Chinese law students in Columbia brought forth this explanation from one of the Chinese: "The officials in charge of the government are sorely affected to allow so many men to study western law because they fear they may be superseded by the students after they return to China."

Italians Enthusiastic.
CHIASO, Switzerland, Sept. 29.—Dispatches from the important Italian cities tell of much enthusiasm over the expedition to Tripoli. The regiments composing which are now centered at various ports. All the officers have volunteered for service, but those who will take part in the expedition are to be chosen by lot.

The police measures to check disorders are stringent. Large contingents of troops and carabinieri are occupying the more riotous districts.

The Italian fleet will occupy the whole coast of Tripoli from Benghazi to Derna. The military expedition is to be dispatched as rapidly as possible and it is expected the fleet will have completed the occupation by tomorrow.

Italian newspapers generally approve the action of the government, but some of the Socialist papers oppose it.

The Milan Corriere della Sera publishes a telegram from Tripoli dated September 28, when the ultimatum was not yet known there. The Italian consul notified the Italians that whoever desired to depart could embark on the steamer Hercules. Only luggage allowed was a mattress and a basket of food for each person.

The refugees, numbering about 800, mostly women and children, were protected by anxiety. The Turkish authorities doubted their vigilance for the maintenance of order. The town was patrolled by well-disciplined policemen, armed with rifles and the police were reinforced at night by numerous platoons of infantry.

Afraid of Massacre in Adena.

LONDON, Sept. 29.—A dispatch to the Daily Chronicle from Constantinople says four transports loaded with ammunition will start for Tripoli tomorrow. The Italian residents have received orders to close their schools and shops and not congregate anywhere. Many of them are leaving the city. The Banco di Roma and the Italian post-office are guarded.

A massacre of Italians in Adena, Asia Minor, is feared. Italy has considerable interests and a large colony there.

Turkish troops have occupied Thesaly to keep the Greeks in check and to prevent them from attempting to capture Crete. The Russian fleet before Trebizond in the Black sea is ready for any emergency.

The sultan and the heir apparent, sat in council with the ministers last night, when it was finally decided that Turkey should yield to force and not oppose the Italian landing at Tripoli, but hold influential Italians as hostages.

The Chronicle's Milan correspondent who sends his dispatch via the Swiss frontier says:

"Despite the vast preparations for war which the government has been vigorously engaged in for the last week the publication of the text of the ultimatum to Turkey has produced a veritable sense of stupefaction among the people. Except in Sicily there is nothing approaching enthusiasm at this colonial adventure."

"Anxious fears are expressed lest the brutality of the ultimatum favors the impression abroad that the note was merely a bluff. The impression of the worst ethics of Italian brigandage, rather than by the cabinet of a Christian power."

The ministry has resorted to its favorite device the wholesale stoppage of telegraph and telephone messages, even forbidding the sending of messages by Italian correspondents arriving at Tripoli who found everything calm there and nothing in the attitude of the natives to justify a panic or an exodus."

May Capture Turkish Fleet.

CONSTANTINOPLE, Sept. 29.—The Turkish war ministry, according to reports current here tonight, has received a dispatch from the late Turkish military attaché at Paris, who has assumed command of the forces at Tripoli, saying the Italians began to disembark this afternoon, but the Turks succeeded in sinking the first two barges.

It is also rumored that Italian forces have landed both at Tripoli and Benghazi.

The Italian charge, Signor Di Martino, handed the porte this afternoon a communication intimating the intention of Italy to proceed with the measures foreshadowed in the ultimatum. This was tantamount to a declaration of war, and, as a state of war would give Italy greater freedom of action in Turkish waters, there is much apprehension regarding the Turkish war fleet at present stationed in the Dardanelles, lest they be captured by the Italian squadron, which is believed to be watching the movements of the Turks.

The British embassy is concerned for the British officers with the Turkish squadron, and is instructing its government for their recall. Plans for the protection of Italian subjects in Turkey is engaging the attention of the Italian officials. It is thought an appeal will be made to Germany to undertake the protection of the Italian subjects. The national emblems have been removed from the embassy, the consulates, the postoffice and the

Turkey Replies in Friendly Terms.

CONSTANTINOPLE, Sept. 29.—The Turkish reply to the ultimatum of Italy which demanded assurances that there will be no resistance to the Italian military occupation of Tripoli and Cyrene was communicated to the Italian charge Signor Di Martino at 6:30 o'clock this morning.

The message was couched in friendly terms and expressed surprise at the action of Italy in view of the cordial relations existing between the two countries. It pointed out that Italian interests in Tripoli had not been threatened and expressed the hope that Italy would desist from her contemplated measures.

Assurance was given of Turkey's desire for a settlement of the matters pending between the two governments. The reply also stated that Italian subjects in Ottoman territory were exposed to no danger as the authorities afforded them protection and added that Turkish military measures had been suspended during the period of the negotiations for a settlement of differences.

The reply was determined on at a cabinet council which continued at the palace from late yesterday until early today.

Upon receiving the communication the Italian charge immediately telegraphed it to Rome. The impression in diplomatic circles is that the note will not be satisfactory to Italy. The Turkish squadron has left Beirut and is returning to Constantinople. Every precaution has been taken to preserve order in the capital and throughout the provinces.

The government has decided to enforce martial law in Constantinople for the present. The population was quiet this morning, but it was feared that an actual rupture in their relations with Italy might lead to riots. A change of ministry is believed to be imminent. It is probable that former Grand Vizier Said Pasha will be made grand vizier in succession to Hakkı Bey. Telegrams from many points announce that the most of the youths are volunteering for war against Italy.

INQUEST WILL

(Continued From Page One.)

He said that would further implicate Evans.

Merritt, who was arrested Thursday night, is a brother of Anna Merritt, 730 North Pine street, at whose home Mrs. Burnham and children stayed last winter. He, the police say, like his sister, was intimately acquainted with the Burnhams.

Evans, whom the police say "talked too much not to know anything of the crimes," was another neighbor of the Wayne and Burnham families. He lived at 735 Spruce street.

The two men, the police declare, are held only for investigation. The investigation started Thursday night, and the two men were still in jail last evening.

The first investigation of Merritt concluded at the end of four questions, in which unsatisfactory answers, according to the police, were given.

"We asked him four questions," it was said at police headquarters, "and found that he was inclined to be evasive in his replies, and we thought we would put him back in jail until he would be willing to talk."

The police would not make a statement as to what these questions pertained to, further than that they were "pointed."

Not Inclined to Talk.

"We gave him a chance, and wanted to help him clear himself," a detective said, "but he did not seem to want to talk, and we decided to leave him alone until he felt he could help us."

Another officer said he talked with Merritt and that he gave straight replies to every question.

"But," the officer said, "the questions were not of a very personal nature."

Evans attracted attention on the afternoon the murders were discovered. Not only was he a neighbor of the Wayne and Burnham families, but it was his ax that was first discovered, and the one that the police first thought was used in killing the members of the two families.

Not only this, but Evans was inclined to be too talkative, the police say, on the afternoon the murders were discovered and since then. It was Evans who was the center of attraction for the crowd that waited on West Dale street, and

New Evidence, Police Say, Discredits Story of Mrs. C. A. Patterson

DENVER, Sept. 29.—Developments in the Patterson murder case today, the police declare, tended to discredit the story told by Mrs. Gertrude Gibson Patterson regarding the killing of her husband, Charles A. Patterson, whom she shot at Montclair, a suburb, last Monday.

Following the statement made to the police today by George W. Strain, a well-known member of the Elks, here that he is the man whom Patterson declared had chased him from Mrs. Patterson's bungalow at the point of the revolver, the Saturday night preceding the killing and that later the revolver had been left with Mrs. Patterson at her request because "she was afraid," the police tonight declared that they had found in Patterson's trunk what they claim to be a copy of a message sent by Patterson to his brother, a Chicago attorney, the day before the shooting.

This document, said to be in Patterson's handwriting reads:

"Wife wanted withdraw suit. Pleased. Paid unexpected visit Saturday evening. Wife sitting on porch with man. Man drew gun at my approach. Threatened death."

Discredits Her Story.

That part of the message referring to Patterson's visit to his wife's home, the police declare, has in the main been corroborated by Strain's statement. The identification of the revolver with which Patterson was killed as the one which Strain left with Mrs. Patterson, they say, explodes her story that Patterson handed her a revolver he drew from his pocket and told her to blow from her head off, and Patterson's reference to her pleading with him to withdraw the suit, which is taken to mean his suit against Emil Strauss, a wealthy Chicago clothing manufacturer for seduction of Mrs. Patterson's affection, lends weight, they claim, to the theory that Patterson's refusal to withdraw this suit was the motive.

The expected information charging Mrs. Patterson with first degree murder was not filed by the district attorney today nor was any announcement made as to whether the district attorney would ask for a special prosecutor in view of the fact that the law firm with which he is connected was acting for Mrs. Patterson in her divorce suit.

Mrs. Patterson remains in the city jail, apparently calm and unshaken by the day's developments. Tonight Chief of Police Armstrong requested her presence in his office.

"If the chief of police wishes to see me, he can see me here," was Mrs. Patterson's reply.

The chief hurried to the jail to reiterate his request in person.

"If you get me in your office, you'll have to carry me," Mrs. Patterson told him.

The chief stayed where he was.

with various stories concerning the ax and the condition in which he found it when he went to take it home on the morning after the crime is supposed to have been committed.

Harry Fox Cleared.

It was after the investigation of Mrs. Evans and Mr. and Mrs. Campbell yesterday that the police were ready to announce that Harry Fox had cleared himself of any possible connection with the case. It was rumored yesterday that one witness of a reputable character was ready to swear that he had seen Fox at the home Sunday evening, the night of the murder.

Very little importance is placed by the police on the possible connection of Nellie Mason, a reputed friend of John Merritt.

Detective L. Seymour of Denver, Berdillon expert, visited the vacant house in North Spruce street yesterday afternoon, where the second ax was found, in an attempt to get the impression of a finger print.

"Instead of one," he said, "I found hundreds. They were all over the door, but the trouble was that they had been there too long to have any particular bearing on the case. There were none to be found on the second ax, either. I have the finger print impression of John Merritt, but there is no way to make a comparison with impressions left by the murderer."

The police deny the report that they have been requested to furnish police protection at the Hill home, where A. J. Burnham and Mr. and Mrs. June Ruth are stopping.

"The members of the family have not signified in any way that they are scared or afraid of their lives," said

John L. Wayne, a brother to H. F. Wayne, who was one of the murdered persons, has sent word to J. H. J. E. FULLER, Temporarily Appointed City Chemist to Succeed G. C. Lake, Resigned

Dr. Emil N. Nirschenbacher, secretary of the National Agricultural Society of Hungary, saying that Charles A. Lendenfrost, member of the society, is en route to the United States as a delegate to the Dry Farming congress Mr. Lendenfrost will reach Philadelphia next week, journeying to Colorado Springs slowly in time to attend the sessions of the congress. He is the delegate of the national society of his country. Hungary has a vast area of dry lands and has been suffering from drought for months. Children love to take Cascarets because they taste good—never gripe or sicken.

One change has been made in the program of the congress. W. C. Brown, president of the New York Central railroad had promised to make an address but a cable from him yesterday stated that his return from Europe has been delayed by an accident to the steamship Olympic on which he had passage and that he will not be able to clear up his business after reaching New York in time to reach Colorado Springs during the Dry Farming congress.

Societies and Clubs

Special communication of Colorado Springs chapter No. 6 R. A. M. will be held tonight at 7:30 o'clock for work in the past master and most excellent master degree.

The Woman's Home Missionary society of the Colorado conference will hold its twentieth annual meeting which is also the twenty-fifth anniversary of the organization, October 1 and 2 at the First M. E. church. Tuesday evening the first annual graduation exercises of the Bethel hospital training school for nurses will be held in the First M. E. church. There will be an interesting program to which the public is invited. Sessions will be held Wednesday morning, afternoon and evening with a reception from 4:30 to 5:30 p. m. at Bethel hospital. A session Thursday will be attended by many delegates.

The Woman's Literary club meets this afternoon at 3 o'clock with Mrs. William H. Spurgeon, 1335 North Tenth street.

The Ladies Catholic Benevolent association will meet Tuesday evening at 8 o'clock at Cathedral hall.

Chapter C. P. E. O. will meet with Mrs. W. T. Kussion, 408 Franklin street this afternoon at 2 o'clock.

If you know of the real value of Chamberlain's Liniment for lame back, soreness of the muscles, sprains and rheumatic pains you would never wish to be without it. For sale by all dealers.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy bowels, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach, remove the sour, undigested and fermenting food and that misery-making gas, take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. You will feel great and healthy.

A Cascaret tonight will surely straighten you out by morning. The work while you sleep. A 10 cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascarets because they taste good—never gripe or sicken.

Unceda Biscuit never disappoint!

You have never heard anyone say "The Unceda Biscuit in that last package were not as good as usual."

You have never said it yourself.

It is one thing to make soda crackers that are occasionally good.

It is quite another thing to make them so that they are not only always better than all other soda crackers, but always of unvarying goodness.

The name "Unceda" stamped on every one of them means that if a million packages of Unceda Biscuit were placed before you, you could choose any one of them, confident that every soda cracker in that package would be as good as the best Unceda Biscuit ever baked.

STATE BOARD AGREES REASSESS COG ROAD

The state board of equalization has agreed to reassess the Cog road, the agreement being the result of a conference held in Denver yesterday between County Commissioners R. A. Banta and H. Mutcherson of this city and the members of the board. The present assessment is \$14,000 per mile, and upon the request of C. W. Sells, president of the road, the commissioners took the matter before the board of equalization asking them to reconsider the assessment. The reasons the board gave for the high rate of assessment was that compared with the other roads, the Cog road has a greater earning capacity than the rest, the cost of operation is very small, and the physical assets are small.

ANNOUNCE ENGAGEMENT OF THE MISSES SCOTT

William Owen Scott announced the engagement of his daughter, May Owen, to William Irving Howbert, and the engagement of his daughter, Alice, to Charles H. Lansing, yesterday afternoon at a tea given by the grandmother of the Misses Scott, Mrs. Frank Kernochan, at her residence, 16 College place. The marriage dates have not been decided upon, although the marriage of Miss Scott and Mr. Howbert will probably be in a few weeks, while that of Miss Alice Scott and Mr. Lansing will be in the winter.

The young women are the daughters of W. O. Scott, a retired business man, and the family removed from Washington D. C. to this city about two years ago, taking up their residence at 1827 Wood avenue.

Mr. Howbert is the son of Mr. and Mrs. Irving Howbert, 17 North Weber street. Since his return from Johns Hopkins and Yale universities, he has been assistant cashier of the First National bank of this city.

Mr. Lansing is the son of Mrs. Charles A. Lansing, 1215 Wood avenue. After preparing in Phillips academy at Andover, he entered Yale and graduated last year. The families are prominent, and the young people move in the highest social circles of the city.

OFFICERS AFTER A MANITOU PROWLER

Manitou has a prowler, believed by many to be a denoted and dangerous, whose strange actions have caused him to be sought by the authorities.

Thus far however the man of the mountains has escaped those who have tried to capture him, running into the hills and quickly evading a number of men who have tried to follow him.

Who the night visitor is no one seems to know, although it is claimed that he has been seen about the town at various times during the summer.

Recently, it is said he has appeared late at night or early in the morning near the Hydro company's plant above the Cog road station, and fears are entertained that he may overpower the night watchman and tamper with the valves of the water mains.

Should the water be turned into the creek at that point residents of Manitou declare that property loss, down through the town would be enormous, and renewed efforts will be made to capture the suspect for investigation.

In view of numerous stories being circulated concerning the man's actions the authorities have been appealed to for protection.

Have you seen the window sleeping tent in the window of the Out West Tent & Awning Co? Just the thing for pure air and yet keep the cold out of the room.

Romantic Eastern Maid Would Wed Real Cowboy

Some lonesome, bachelor cow puncher has a chance to get a 23-year-old soul mate with brown hair and dark eyes and a disposition which is guaranteed not to ruffle under the hardships of married life on the plains.

An ante-billet-doux, scented with the delicate odor of attar of roses, was received by Postmaster Strachan yesterday, asking him to kindly locate a cowboy husband for the writer a young girl from Johnston, Pa. who signs her name Helen Glacken.

"Helen, according to her letter has lived in the city all her life and she has had lots and plenty of beaux. But now she has a longing for the romance of the plains and a real cowboy husband. She doesn't specify as to the qualification of such husband, anything that is a cowboy would suit her, it seems. She'll send her picture to any suitor."

"Now what would you do in a case like that?" asked the greatly perplexed postmaster yesterday afternoon.

MISSIONARY SOCIETIES PLAN JUBILEE CAMPAIGN

A rousing campaign for the furtherance of missionary work will be inaugurated by the Woman's National Missionary society, October 1st. The object of the campaign will be to increase general missionary interest and to secure more members for the various missionary societies. A house-to-house canvass will be made in order to reach every woman who possibly might be interested in missionary work. The movement is a national one, and all missionary societies throughout the United States will start similar campaigns on the same date.

A preliminary meeting will be held in the Y. W. C. A. rooms tomorrow afternoon at 3 o'clock, at which time those present will be addressed by Mrs. W. S. Ward, a missionary worker from Denver. Ministers of the city have been asked to preach on the text of "Woman's Part and Responsibility in Mission Work." Prayer meetings will be held during the week of campaign. At the close of the campaign a rally and luncheon will be given. The time and place has not been announced.

Pay the P. M. or You'll Lose Your Letter Box

These are turbulent days for Postmaster Strachan. Postoffice box rent is due, and according to government rules all boxes which are not paid for in advance by the first of the month at the end of each quarter will be locked from their renters. It's the locking that is making it hard for Strachan.

"Every quarter ends with a lot of rents unpaid," said he, "and if we lock a box which has been in constant use by a person for the last 20 years because he has forgotten to pay the quarter's rent just on the dot, he gets angry. Then I get it. He tells me what a good renter he is and wants to know if he hasn't rented a box long enough to let it stay unlocked for a day or so after the rent is due."

"Some take it as a personal affront. They don't seem to understand that I am not the postoffice department and that the postoffice department doesn't know who they are, how long they've rented or anything about them. So I get my orders to lock every unpaid-for box on the first of the month. Orders are orders and tomorrow will be the last day of grace. I'll such lock someone's mail box Monday morning who is going to get mad. That's why I hate the first of the month following the end of our quarter."

WOMEN AND CHILDREN WILL HELP BUILD ROAD

IDAHO SPRINGS, Colo., Sept. 29.—Fired with indignation at the failure of house bill No. 200 to become an effective measure, because of loss of papers recording its official passage, on a week from next Monday every man, woman and child of Idaho Springs, physically able to wield a shovel or pick, will donate one day's work toward the development of the Floyd hill road. The county commissioners stated that \$3,000 was available in the county treasury for road development, which started this morning and next Monday a public entertainment will be given for the purpose of raising funds to add to this money for road improvement.

DAY OF ATONEMENT BEGINS TOMORROW

As the sun drops behind the mountains tomorrow afternoon, the holiest and most sacred day of the year will dawn for the Jews. For the last week the Jewish New Year has been treated as a religious festival, and the closing of the holiday is marked by the Day of Atonement or Yom Kippur. Until the sun sets Monday evening the orthodox Jews will spend their time in fasting, atonement and prayer. No luxury of life will they permit themselves to enjoy, the most orthodox disdaining to ride in any sort of vehicle or do anything which would save toil or be conducive to bodily comfort.

Yom Kippur and its attendant ceremonies are observed to commemorate the teachings of God when, through his prophets, the young men and women were chastened for too riotous living, dancing and the drinking of wine in the gardens and holy places. It is on Yom Kippur, so believe the Jews, that God sits in judgment upon all men and nations, weighing their sins and transgressions.

The orthodox Jews all over the world will gather in their synagogues tomorrow afternoon. The men will be draped in their prayer shawls and their heads will be covered. The women will sit apart from the men, their heads uncovered, and will add their voices to the supplications of the men.

The later day Jews, or Reformed Jews, as they are often called, do not fast, neither do they appear in tabernacles clad as do the orthodox. Yom Kippur with them means a day of prayer and atonement.

Services will be held at the congregation 'Sons of Israel' 417 South Cascade avenue, tomorrow evening, beginning at 7 o'clock and continuing through the next day. All are invited. In the absence of a rabbi M. A. Novick will preach. His text tomorrow evening will be "Kol Nidre," a discussion upon the consequences of the Spanish Inquisition. On Monday he will talk upon "Humanity's Debt to the Jews." The German Reformed Jews are especially invited to attend the services.

RAILSBACK RETURNS WITH M'KEE, ROBBERY SUSPECT

Detective Ralsback returned from Grand Junction at noon yesterday, bringing W. H. McKee, recently employed as solicitor at the Rex, with him to answer to the charge of burglary and grand larceny.

It is alleged that McKee robbed Robert Hoffman, head bellman at the Antlers, who rooms at the Clinton rooming house on East Huerfano street, of clothing jewelry and cash to the amount of \$150. Articles to the value of \$250 have been recovered and the police think McKee is connected in several other robberies.

CONSTITUTIONALITY OF NEW COURT QUESTIONED

DENVER, Sept. 29.—Quo warranto proceedings to test the constitutionality of the new court of appeals are to be instituted by the Colorado Bar association, according to an announcement made today. Governor Shafroth takes the position that confirmation of the appointees is not necessary, but many members of the association hold that without confirmation decisions of the new court will be illegal.

A True Story of A Man With a Good Job

He was a busy man, but devoted to his own. He must house them well, and handy to town. He buys a fine, large corner, sunny all the day, a short walk from business. It's worth \$4500. Happy in his plan, with selected material and workmen who knew how and were on the square, he built a handsome residence of ten rooms, with oak finish, good plumbing, hot water heat, closets abundant, fireplaces, plenty of plate glass, fine piazza, a commodious, spacious, cheerful, attractive home. It surely took the man. You might build it's double for \$8000, but not for less. That's \$12500 for lot and house.

The good job quit the man; the man quit the town, and now we are asking the entire property for \$8300. Who'll apply to the man the proverb's epithet? Not we. But all will call you a wise man if you buy what he built.

LOUISVILLE RESULTS

LOUISVILLE, Sept. 29.—The track was heavy at Churchill Downs today, which resulted in the elimination of any entries. The handicap, the principal event, was narrowed down to two starters. Sempronius, winning with a score of 11-16 miles was declared off a six-furlong selling race run in the afternoon.

Motorcycling. Inexpensive. Harold Clifford and Strohie Sparks rode from Pasadena to San Francisco and back—four days each way—and brought back a lot of \$3 with which they started.

AT TORONTO

TORONTO, Sept. 29.—Two steeplechases were offered as an attraction at Woodbine this afternoon—the novice for 3-year-olds and the Ringwood. Andy Chisholm, the champion of the young jumpers shown this season, proved an easy winner in the novice class, while Villalla made a runaway affair of the Ringwood.

Earl L. Ovington, the latest contestant in the coast-to-coast aeroplane flight, was once president of the Federation of American Motorcyclists and is at the present time a member of the F. A. M. board of directors.

The Columbus O. Motorcycle club has a new eight-room clubhouse.

TAFT WILL PRESENT AUTO TO HENDRICKS

DENVER, Sept. 29.—William Howard Taft of Cincinnati, O., known to the baseball world as the first fan of the "land" and to the small and benighted remainder of the population as the president of the United States, will celebrate his visit to Denver next Tuesday by presenting, on behalf of his fellow fans here, an automobile to Manager Jack Hendricks, a loving cup to Owner James McGill and a gold watch to each member of the Denver Western league club to mark the winning of the 1911 pennant. The presentations will take place before the Denver-De Moines game—a part of which the president will remain to see.

Baseball was conspicuous by its absence on the program originally made out for the president's visit. Denver fans, flushed with the pennant victory, raised a lusty howl and offered a substantial amendment. Word received from the president today declared that the amendment was accepted.

MANY HUNTERS OFF FOR DEER HAUNTS

Hunters of El Paso county are taking advantage of the six days of deer hunting which are allowed them under the state game laws, and up until yesterday afternoon it was announced that 130 hunters licenses had been issued from the county clerk's office. Parties have left the city for the mountains and are leaving today. Railroad men report El Paso as resembling a comet because of the great number of campfires made by the hunters which illuminate the old trail. It is reported that deer are more plentiful this season than they have been for several years. Hunting parties are pushing ahead to the known deer haunts so that they may be there at the opening of the season.

The following parties have been outfitted by the Powell-Doner Sporting Goods company and have either left the city or will leave tonight and tomorrow: F. O. Elliott, A. J. Hall, R. M. Aitken, F. B. Boynton, Bat Masterson to Woods Lake; C. W. Kurie to Buford, Mr. and Mrs. Frank Little to Ruess, Dr. Patterson and Lyle E. Dix to Granite, John W. Kimball to Beaver creek.

PHILS AND PIRATES FIGHT FOR THIRD

During yesterday's intermission in the big baseball show at Chicago, the spotlight was turned on the third place race in the National league. Pittsburgh the erstwhile aspirant for second place is now seriously threatened by Philadelphia. By the defeat of Pittsburgh yesterday, the separation between the rivals is a matter of only a point, with the advantage decidedly in Philadelphia's favor since that club has almost twice as many games left to play. The Chicago-New York series continues today and Sunday. The standings:

	To play	W	L	Pct

TENNIS TOURNAMENT AT Y. M. C. A. TODAY

A banquet was tendered the competitors in the Y. M. C. A. Pikes Peak tennis tournament and representatives of the high schools of the Pikes Peak region, at the Y. M. C. A. last night. Dr. W. W. Flora, president of the Y. M. C. A., presided, and speeches were made by Prof. James W. Park of Central academy who talked on "How May I Get the Most Out of Athletics?" Prof. R. C. Hill of the Colorado Springs High school on "How May I Contribute Most to Athletics?" and I. W. Erps, physical director of the Y. M. C. A. on "Fundamentals of Tennis." Only four men being entered in the tournament the entire number of sets will be played today starting at 10 a. m. Following is the program: Gardner Jackson, Central academy, vs. Clarence Griffin, Colorado City High school. Earl Davis, Central High school, Pueblo vs. Frank Evans, Colorado Springs High school. The finals will be played between the winners of these two matches at 1 p. m. In addition to the winner and the runner-up each receiving a cup a trophy has been offered to the school winning the tournament, the cup to become the property of the school after it has been won three times.

Cincinnati and Boston Tie. CINCINNATI, Sept. 29.—Cincinnati and Boston battled 11 innings to a tie, 4 to 4, darkness stopping the contest. It was a seesaw struggle, with Tyler holding down the hits but proving himself with passes. Gaspar was hit hard, but was effective with men on bases. The game will be played off tomorrow in the form of a doubleheader.

AN OLD REMEDY FOR BLOOD POISON

For more than forty years S. S. S. has been curing Contagious Blood Poison in all its forms and stages, and is today, as it has always been, the safest as well as most reliable remedy for this disease. One reason why S. S. S. is so successful in curing Blood Poison is that it strengthens and builds up the stomach and digestive member while eradicating the poison from the blood. The greatest of all reasons however is because this medicine possesses just the proper ingredients, blended and compounded in such scientific proportion, as to make it the most perfect blood purifier ever placed upon the market. S. S. S. is made entirely of roots, herbs and barks, and in addition to its value as a remedy, is the one blood medicine which may be used without any bad effect, no matter how delicate the system. Not a particle of strong mineral or other harmful drug enters into its composition, and you can take it assured that it will cure you and at the same time build up your system. S. S. S. cures permanently and perfectly, removing every symptom of the trouble by nature's true way—removing the law cause. Get S. S. S. at your drug store and then write for our Home Treatment book which is free and of great assistance to every sufferer of this disease. THE SWIFT SPECIFIC CO., Atlanta, Ga.

DENVER CUBS WILL PLAY COUGHLINITE

The Zoog like Mitha will make another farewell appearance. While they have a good excuse for only more donning their war clothes and picking up the big stick, it will not be necessary for the fans to leave the stadium to see the national pastime on a night as such in early stage. It came about this. The Denver Western league team previous to its success of the season in applying the W. I. flag was turned into a subsidiary organization for burning storming purposes. Every member of the team wanted to see the national pastime at a tour of the state after the season was over in a search for more glory. And one of the first places mentioned for a day's sojourn was Colorado Springs.

A few days ago Manager Gill advised a letter from President McGill asking for a date on Sunday, October 8. Manager Gill was about to send a reply telling that the season had closed, when a number of fans and members of the team heard of it. He listened to their appeals and while he was in Denver yesterday, he had an interview with the club for the time mentioned.

And as long as we're going to play them in three weeks we ought to be prepared, said owner Coughlin. We ought to fill in the intervening Sunday.

So last night a deal was matched with Manager Robinson of the Robins team for a game tomorrow afternoon at Zoo park. And on the Sunday following a game was matched with the Boston Broomer, a team which has been invading the state.

The Robins and Zoog will present almost the same lineup that was seen at Zoo park at the last game. Hastings will not fail for the Robins if Akeley is sent in for the Zoog. Frankie will be his opponent on the slab.

The Denver Country club golf team got away with a lead in the opening contest for the Antlers hotel trophy cup at the Colorado Springs Golf club yesterday, by defeating the golf team from the Colorado Golf club of Denver by a score of 4 to 1. The only man to make a showing on the Colorado Golf club team was R. A. Rhodes, who defeated F. L. Woodward in an exciting game. W. Fair, H. A. Fisher, C. B. Whitehead and W. W. Graves of the Denver Country club team defeated, consecutively, G. E. Adams, N. McLaughlin, H. C. Riddle and D. R. Brister of the Colorado Golf club.

The Colorado Springs Golf club team will set in the game today. This morning the members are matched with the Denver Country club team and this afternoon they will play the members of the losing team in yesterday's contest. H. R. Davis, Jr. W. K. Tenet, F. M. P. Taylor, J. P. Huhell and H. B. Davis, Sr. will be the representatives of the local golf club in the match.

GIBBONS AND CLABBY DRAW

WINNIPEG, Sept. 29.—Mike Gibbons of St. Paul and Jimmy Clabby of Milwaukee fought a 15-round bout to a draw here tonight. NEW YORK, Sept. 29.—Matt Wells, lightweight champion of England, has been matched to fight Billy Donovan in a six-round bout at the Stadium in Toronto, October 6. The men will meet at 135 pounds.

BASEBALL HALL OF FAME SHOWN IN TROPHY CHOICES

DETROIT, Sept. 28.—The Chalmers Trophy commission, headed by Ben Mulford, former newspaper man in Cincinnati, will vote next week for the two most valuable players of the two major leagues. The players who were of most value to their teams during the 1911 season. Speculation is running as to the probable winners, but a definite list of the American league and National league players is as follows:

Year	Player	Club
1901	Johns	Chicago
1902	Waddell	Philadelphia
1903	Dineen	Boston
1904	Chesbro	New York
1905	Young	Boston
1906	Wash	Chicago
1907	Donovan	Detroit
1908	Cobb	Detroit
1909	Cobb	Detroit
1910	Cobb	Detroit

What a wonderful baseball machine these players would have made could they have been gathered on the same team and at one time. It would be a team that would be practically unbeatable, even if opposed by a team composed of the other brilliant stars of the game has produced.

The greatest team of hitters that was ever put together in fancy or in truth would have a troublesome time connecting with the offerings of the pitchers. An infield composed of Evers, Wagner, Collins and Lajoie would be a stone wall of defense. And with the peerless Cobb, the brainy Fielder Jones, the scientific Beaumont, and the batting Maga, for substitute in the outfield a ball would have to travel with almost lightning speed to get past.

The selections were made from 1901 because it was then that the American league first became recognized. The resume of the season's major league baseball from 1901 to 1910, inclusive, printed 5,000 drafts on the Rural Hill bank of Illinois, a fictitious institution. These drafts were made payable on the supposed correspondents of the fictitious bank.

Flanagan's father is president of a bank at Osceola, Ark. The son secured recommendations from his parent and started out. He visited one after another of the southern watering places. With his polished manners and liberal spending he worked himself into good society. He entertained highly. In a diary he kept the names of persons who invited him to visit them at their residences in other states.

Flanagan made a point to drop in on these new found friends about six months later. He had between 20 and 30 aliases. Each of these names was that of some Illinois or Arkansas banker. His friends naturally introduced him at the banks. The banks would consult the directory and find his statements apparently true. A few days later Flanagan would write a draft on his Rural Hill bank and depart.

Harry G. Price, secretary of the Bankers Guaranty Trust company of Chicago yesterday swore out a warrant for young Flanagan for forging checks into a pennant. King was the best field general on the Chicago team, and was a deciding factor in the overthrow of the Tigers in the championship series.

1905. It was Benders pitching that won a championship to Philadelphia. Mathewson was again the National league star. 1906. "Big Ed" Walsh was the cork link in the White Sox chain. He was the cog that perturbed the machinery under Fielder Jones, and his pitching also wasted a world's championship from the Cubs. "Wash" Brown was the principal reason for Chicago winning in the National league.

1907. "Wild Bill" Donovan made one of the greatest records ever made by a pitcher that season. He pitched Detroit into a pennant. King was the best field general on the Chicago team, and was a deciding factor in the overthrow of the Tigers in the championship series.

1908. The brilliant base-running, batting and fielding of Tyus Cobb contributed more than any other thing to Detroit's success. Evers, by his quick thinking and playing, was a star in the other organization. 1909. Cobb again brought a pennant to Detroit. Wagner was "Babe" the star.

1910. "Eddie" Collins, letta, by his fielding, thinking and generalship, Mack's ace in both league race and the world's series with Collins. Johnson's record—both ranking with Collins. Second baseman would out because he was so keen. In the National wood Maree batted in any other player, and greater individual help.

SON OF BANKER ARRESTED FOR ALLEGED FORGERIES

CHICAGO, Sept. 29.—Larkin B. Flanagan, wayward son of Wallace B. Flanagan, former member of the Illinois legislature and now a banker in Arkansas under arrest at St. Louis for forgery, is said to be wanted by the police of many cities. Detectives assert he was the cleverest forger at large. It is estimated that Flanagan's forgeries during eight years will aggregate \$5,000. With Flanagan in jail detectives revealed the system under which he operated. To begin with Larkin had
